*The first time I met Boris, I knew that he would end up being one of the best engineers I've ever worked with.*

*His technical expertise, drive to understand the business, and adaptability enabled him and his team to deliver high value for us. In a crowded market, you need an edge, and that's precisely what Boris' team gave us.*

*Their custom development services have*

*empowered us to better serve our clients and grow our business. If you're looking to accelerate your aspirations, I can't recommend Boris and his team highly enough.*

## WHAT WE DO?

# What do you get by partnering with us?

You gain access to a team committed to excellence, innovation, and collaboration. From initial discovery to ongoing support, we provide you with a seamless experience designed to transform your vision into a successful app.

## More Details

### Discovery

#### Unlock Your Business Potential

We dive deep into your business to align with your vision and market demands, crafting a strategic project and launch plan that sets you up for success.

### Development

#### Agile & Transparent Development

With weekly progress demos and open communication, our development process is built on collaboration and

perfection, reflecting  
our core values.

## **QA**

### **Excellence in Quality Assurance**

Our dedicated QA  
team ensures that  
only the best  
reaches  
production,  
focusing on quality  
and reliability for a  
product that  
exceeds  
expectations.

## **Launch**

### **A Smooth & Impactful Launch**

We guide you  
through a seamless  
app launch,  
providing support  
and expertise to  
ensure a strong  
introduction to the  
market.

## Ongoing Maintenance Continuous Success & Support

Our ongoing maintenance service keeps your app robust, relevant, and responsive, ensuring it continues to deliver value to your users and business.

## Meet the core team

**Boris Zivkovic**

Chief Architect

**Nemanja Stojanovic**

Lead Developer

Meet Boris, the visionary behind our agency. His role goes beyond merely laying the technical groundwork; he's here to assist you in making those critical technical decisions. With a keen eye for your business goals, Boris will analyze your specific needs and turn them into actionable technical requirements. Partner with Boris, and you'll experience a strategic approach that brings your vision to life.

Nemanja is the dynamo that powers our development team. As our Lead Developer, he's committed to delivering the perfect app tailored to your needs. Your project will be in expert hands, guided by Nemanja's precision and dedication to excellence. Expect a top-notch application that resonates with your target audience, complete with seamless functionality and an intuitive user experience.

## Sara Stankovic

### Quality Assurance Lead

Quality is non-negotiable, and Sara is our guardian of standards. As our QA Lead, she ensures that the final product you receive is flawless. Her meticulous testing process means that your app will be free from any glitches or usability issues. With Sara's commitment to quality, you can look forward to an app that not only meets but often exceeds your expectations.
